Conflict Policy for FLPHASC: If you have a conflict notify ring steward and put a C by your dog's name at each conflict ring. We will try to be accommodating, but we must know you have a conflict and we must make sure that the competitive experience for all exhibitors is equitable for all involved. **Agility** - If you have a conflict please run as the first dog of the class we will set jumps to accommodate your dog. If you are unable to run before you leave the agility ring PLEASE WALK THE COURSE BEFORE YOU LEAVE we will set the jumps to accommodate your dog at the end of the class.

ASCA CLASSES

REGULAR class: The ASCA Regular class will consist of a designated sequence of 14-20 ASCA approved obstacles. Clean runs within the standard course time are awarded 10-point qualifications. Runs that do not accumulate more than five time and course faults qualify. Qualifying runs with no faults receive 10 points; runs with no more than five faults receive 5 points.

JUMPERS class: The ASCA Jumpers class is primarily composed of single jumps, but may also include one double bar jump, the tire jump, one closed tunnel (chute), and/or open tunnels. The course consists of 12-20 obstacles. Speed is of essence in the Jumpers class, and teams must have a clean run with no time faults in order to qualify. Qualifying runs receive 10 points.

GAMBLERS class: The ASCA Gamblers class is the "Old-Style Gamblers" with point accumulation period, immediately followed by a gamble sequence. Qualifying runs receive 10 points.

Accumulation Period. All dogs are allowed 30 seconds in the accumulation period. Each type of obstacle is assigned a point value and teams must accumulate a minimum number of points in the accumulation period (Novice-15 pts, Open 18-pts, Elite-21 pts). During the accumulation period the handler directs the dog over a course determined by the team. The dog may not perform the gamble sequence or any segment of the gamble sequence in order; however they may perform the obstacles individually or in the reverse sequence. Note that if a bar on a gamble obstacle is knocked down during the point accumulation period, the dog cannot receive credit for performing the gamble sequence.

Gamble Sequence: The Gamble sequence is composed of 4 required obstacles and sometimes a 5th optional obstacle. The gamble period begins immediately at the end of the accumulation period. In the gamble period, dogs must perform the 4 obstacles in the designated sequence within the designated time, with handlers remaining behind a "gamble line". Teams will not qualify if the handler crosses the gamble line or if a bar is dropped during the performance of the gamble. For more information on ASCA classes, please refer to the ASCA Agility Rules & Regulations at www.asca.org

From the ASCA® Agility Rule Book:

3.1.2 Novice Level (Pg 25) is the first entry level for every class. The Novice level is for any dog which has not yet earned ASCA® certification in a particular class. The purpose of dividing any class level into A/B categories is in the fairness of competition. If the dog and handler are just beginning agility competition, they should compete in the Novice A category. If the dog and handler has previously earned a Regular Agility Standard - Novice (RS-N) certificate, a Gamblers Agility Standard - Novice (GS-N) certificate or a Jumpers Agility - Standard (JS-N) certificate or any of the equivalents from any international style agility association, then they must enter in the Novice B category for that particular class. All ASCA® Agility judges must compete in the B category if offered by the host club.

3.3.2 Veterans Division (Pg 26) is open to any dog age seven (7) or older. The dog's age shall be determined by the dog's actual birthday or the closest date as known. Dogs entered in the Veterans Division classes will jump 4" lower than their regular jump height. Course times for dogs entered in the Veterans Division of the Regular Agility and Jumpers classes shall be 10% greater than the SCT for the Standard Division. The gamble time in the Veterans Gamblers class shall be two seconds longer than the gamble time for the Standard Division.

NOTICE TO EXHIBITORS

This trial is open to all dogs being at least eighteen (18) months of age, including purebred and non-purebred, except bitches in season, dogs suffering from any deformity, injury or illness that may affect the dog's physical or mental performance, or dogs exhibiting any signs of aggression towards people or other dogs. Dogs are not required to have an ASCA Registration, ASCA LEP, or Tracking number to enter this trial. However, **ASCA requires registration of all non-ASCA registered dogs**

We will have forms available at the trial, a form is attached to this premium or you can go to the ASCA website www.asca.org.

Dogs are NOT allowed to wear collars in ASCA Agility. No leads, collars, food, toys, clickers, other aids or devices will be permitted on the course or within 10 feet of the ring at any

time. The only exception to this is leading your dog to the start on leash and leaving the ring on leash. Any dog which demonstrates aggression towards any person or any dog, whether inside or outside the ring, must be excused from the agility trial. Any dog which the judge feels is not in enough control to perform all obstacles in a safe manner will be excused from the agility trial.

⇒ FREQUENTLY ASKED QUESTIONS ⇐

Do I have to have a tracking number to compete?

No, you do not need a tracking number in order to compete in Agility or Stock.

You will need a tracking number to enter an Obedience trial or Tracking Test.

Your dog does not have to be a purebred to receive a tracking number from ASCA.

Why would I need or want a tracking number for my dog?

If you would like to have your dog's points and titles recorded by ASCA, and if you'd like to receive title certificates in the mail for your accomplishments, you might want to obtain a tracking number.

How much is the total cost for a tracking number?

In order to obtain a tracking number for your dog, you must be at least a "Service" member. The cost for Service Membership is **\$10**.

- Your membership is good for one year; however, it does not need to be maintained in subsequent years, unless you want to obtain another tracking number for another dog after your membership has expired.

This membership fee is **in addition** to the tracking fee of **\$10** per dog. A **tracking number is good for the lifetime of the dog**. If you only have one dog, the total cost would be **\$20**. For two dogs, the cost would be **\$30**, for three, the cost would be **\$40**, etc.
